OUR FAVOURITE TIME OF THE YEAR IS BACK!

It's no secret that winter is our favourite time of the year at Ruxley Manor. With plenty of activities, an award-winning Christmas Department and all the magic of the festive season we can't wait to welcome you this year - but before we tell you about all things Christmas, let's take care of half term first.

OCTOBER HALF TERM 2019

From 21st - 27th October we will be hosting John Lawson's Circus, this time with a spooktacular Hocus Pocus theme! Each show lasts for around 45 minutes and all tickets are just £6, with under 2s on laps admitted for free.

We will also be bringing back our Pumpkin Carving workshop for families - this time with improved tools and templates for everyone to enjoy! Find out more about our half term activities on our events page at www.ruxley-manor.co.uk.

MAGICAL MEMORIES AT RUXLEY MANOR

Our award-winning Christmas Department is now open in-store with everything you'd expect from us at Ruxley Manor. With all the best quality decorations, inspirational displays, gifts, lights, festive food and everything else Christmas related we are looking forward to welcoming you to our very own winter wonderland.

FATHER CHRISTMAS IS COMING TO TOWN

Our Father Christmas' Grotto will once again be returning from 16th November and following the success of My First Grotto (opening 31st November) last year we have expanded the venue ready for your family's first visit to Father Christmas.

PRANCING ON ICE

Our covered, all-weather Ice Rink returns again this year, open from the 18th October. We've restructured our sessions and introduced a lot more off-peak skating sessions for 2019 - giving you more opportunity to enjoy half price sessions and show off those skating skills.

Our Christmas Market has also been improved upon this year and for a full authentic feel, we'll be serving up traditional Bratwurst buns for refuelling after you've hit the ice! As well as a selection of hot and cold snacks and drinks.

From all of us at Ruxley Manor have a very Merry Christmas and a Happy New Year!

Best wishes,

Andrew Evans *James Evans*

TERRIFIC TREES, EVERY TIME

The festive season begins now! From elegant 'feel-real' artificial trees to freshly cut 'Slim Shape' real varieties, we have a beautiful Christmas tree for everyone

Trends in festive decorations may change but it all starts with the perfect tree. Artificial trees look more realistic than ever, while 'Slim Shape' real trees are now being grown to suit compact rooms. So, whether you're looking for a classic conifer shape, a frosty-tipped pine, or a modern pre-lit design, we have a selection of sizes, shapes and styles to match each and every home.

QUALITY THAT LASTS

Buying an artificial tree is a smart investment because a top quality tree should last for many years. And if you choose a timeless design in a size that fits different rooms in your home, it can be easily updated with new decorations from year to year. The trick is to handle your tree gently when building and dismantling it, then store it securely in a dry place until next year.

REAL TREES FOR ALL

Every year, our expert growers provide us with a fantastic selection of real Christmas trees, fresh from the field within a few days of being cut. Recent innovations have culminated in the ‘Slim Shape’ tree, which is particularly well-suited to modern, compact rooms.

“These trees are carefully pruned while growing so that the final tree you buy is narrower, but still dense, full and nicely branched,” explains specialist tree grower, Christopher Hood. “The result is a beautiful space-saving tree which is ideal for smaller homes.”

This year, Christopher expects the ‘Slim Shape’ Nordmann Fir to be very popular, as customers have been increasingly searching for trees which are not too wide for their homes.

“Alternatively, we also supply the Fraser Fir which naturally has a slimmer shape and also brings a lovely seasonal scent into the home,” he says.

THE MIDAS TOUCH

This year's magical 'walk in the woods' theme oozes drama, combining plush velvet, sparkle and feathers in shades of antique gold and rich claret red

Above: Velvet star seen here in mustard and green, also available in purple, £5.99 each
Left: Black lantern with 3 LED flicker candles (40cm), £19.99

TOP TIP

“Place your simpler baubles first, close to the tree stem. This adds depth and creates a background to showcase more ornate decorations”

ANGELA LILLEY
STYLIST

Sparkly birds, over-sized flowers, quaint mushrooms and branches of illuminated gold fern create a luxurious woodland theme for your tree this year. Be bold, and try swapping your usual angel or star on top for a dramatic arrangement of blossom branches and more gold leaves for a real wow-factor.

DRESS IT DOWN

Love the red and gold colour scheme, but prefer a simpler effect? We recommend a combination of large single-coloured baubles, a swirl of multi-strand warm white micro-lights, and a few carefully chosen hero decorations (below).

THE MAGIC OF MICRO-LIGHTS

Twinkling lights are so festive, but why limit yourself to the tree? We have an exciting collection of micro-lights, and lots of creative ideas on how to use them

CREATE A WARM WELCOME

A star-studded wreath, whether real or faux foliage, adds sparkle to your front door. Choose a set of 60-LED battery-operated warm white micro-lights on green cable, then weave the cable through the foliage. Attach the battery unit to the back of the wreath, using tape or a length of wire.

60-LED twinkle micro-lights in warm white £4.99; Glass baubles £3.99 each

MAKE A GRAND ENTRANCE

Choose green-cable micro-lights for an invisible finish, or copper-cable for a decorative effect. Start by weaving several sets of warm white twinkle micro-lights through the garland, and then add your decorations. Here, we've used ornate baubles and luxurious claret-red velvet roses for a sumptuous effect.

TOP TIP

Micro-lights can also be used to bring sparkle to your Christmas dinner table centerpiece. Turn to page 24 for inspiration

480-LED compact micro-lights in warm white £39.99; Glass baubles £3.99 each; Velvet clip-on roses £7.99 each

672-LED extra-long stranded bunch micro-lights in warm white £29.99; Lakewood Feel-real tree (225cm) £199.99; Willow tree skirts from £16.99; Shatterproof large baubles (14cm Dia.) £2.99 each

INTRODUCE FAIRYTALE CHARM

Gently 'scrunch' a set of battery-operated, silver-cable micro-lights into a loose ball, then neatly tuck the lights and the battery unit into each lantern – use longer garlands of micro-lights for larger lanterns, or choose copper-cable micro-lights for a contemporary effect.

Silver-cable 40-LED micro-lights in warm white from £2.99; Sahara lantern set of 3 £19.99 (micro-lights sold separately)

**GET SET TO SHIMMER**

To create a subtle shimmering effect, use two or three sets of extra-long, warm white micro-lights – the easiest way to do this is to arrange your micro-lights after hanging your largest baubles. For something a little different, wind several sets around your tree (above), spiralling downwards from top to bottom. Then simply add the rest of your decorations and watch the whole tree sparkle!

RUXLEY ON ICE

Get your skates on, Ruxley on Ice has returned to Ruxley Manor for 11 magical weeks of ice skating beneath the twinkling lights.

This year it is back and better than ever, with daily sessions from 18th October through to 6th January*. Open seven days a week, it's the perfect place to enjoy one of the most loved winter traditions.

We've restructured the Ice Rink sessions this year to include a lot more opportunity for Off Peak skating and as well as our Little Penguins sessions we have introduced specific low capacity, peaceful SEN sessions.

SKATE AIDS

Skate Aids are available to book for each session at an additional £5 and we recommend booking as early as possible to avoid disappointment.

We offer a Penguin Skate Aid which is ideal for one person and gives support whilst skating. Our Banana Skate Aids are great for up to two toddlers sitting astride the aid and they can then be pushed around the ice by active skaters!

We do have limited availability of skate aids so please book early to avoid disappointment!

CHRISTMAS FOOD MARKET

A traditional Christmas day out wouldn't be complete without a treat or too! Our Christmas Market, located by the Ice Rink, will be serving up authentic Bratwurst sausages with a range of hot and cold snacks and drinks to help you refuel after (or before!) your skating session.

There will also be mulled wine, prosecco and beer available from the Christmas Market, but please do bring a valid form of identification if you're lucky enough to look under 25!

Tickets, more information and our full skating calendar are available on our website: www.ruxley-manor.co.uk/events-attractions/ice-rink

LITTLE PENGUINS SESSIONS

For just £5 at 10am and 11am on weekday mornings between 4th November and 14th December** one adult and one child under the age of five can take to the ice with a skate aid.

Our cute Penguin Skate Aids are here to help encourage young children on to the ice and try out ice skating.

With reduced capacity of only 30 parents and toddlers you'll have the time and space to help your little one get to grips with ice skating and enjoy learning together in a more relaxed environment.

SEN SESSIONS

Reduced capacity sessions are available this year for our SEN customers. These sessions will have no music playing and no flashing lights and are designed to be a peaceful experience.

Every Thursday at 10am between 7th November and 12th December, you can enjoy our SEN sessions at £5 per skater with the carer accompanying on the ice for free.

Please note, we are unable to offer any assistance, carers must be on the ice at all times.
