# Welcome

**A**s we move into the next decade, we remain focussed on giving the best possible experience to our customers. Whether you be meeting friends in The Mulberry Tree for a bite to eat, attending one of our events or shopping for that perfect gift, we want to make sure that you have the best experience possible with us. We continue to invest in the business and this year is no different, with improvements being made throughout our Outdoor Plant Department. We really are an ever evolving business!

## SPRING TO LIFE

Spring is nature's time for planting and with a great selection of plants featured in the magazine, we've got something for every garden from top tips on how to plant an insect friendly garden, to everything you need to know about growing your own tomatoes and chillies.

## FOOD TO DELIGHT

If it's a seriously good bottle of wine you're after, an array of cheeses or just a sweet pick-me-up treat, you've come to the right place. The Food Hall brings together local suppliers and is overflowing with the best fresh local produce. Find out more on page 26.

## NEW FURNITURE RANGE FOR 2020

Create your dream garden with our range of outdoor furniture – from classic to contemporary, we've got plenty of options to suit any sized space. In perfect time for spring, we are delighted to introduce the new Elba Outdoor Furniture Collection; featured on page 28.

We look forward to seeing you in store soon.

Best wishes,  
Andrew & James Evans

# Spring into action

## BRIGHT IDEAS

For seasonal colour and style

### Bee happy

Over-sized teacup planter (25cm dia. plant not included)  
£29.99

### Feathered fun

RSPB-endorsed metal sculptures (14cm tall, on a 1m stake)  
£12.99 each

### Pots of fire

Polyanthus Showstopper 'Fire Dragon' has big, bold, early blooms

NEW  
SCENTED  
VARIETY

## HELPING HANDS

Glossy evergreen leaves, scented summer flowers and a compact shape make new *Choisya* 'Greenfingers' a versatile plant that's happy in sun or part-shade. This summer, a donation from the sale of every plant will go to Greenfingers, a charity that creates magical gardens in hospices for life-limited children.

### BOX CLEVER

For an alternative to box, why not try *Rhododendron* 'Bloombox'? With clusters of soft pink flowers in May, it can be trimmed into smart topiary shapes.

NEW  
VARIETY

### IN THE PINK

Brighten up patio pots with sun-loving *Hebe* 'Sunrise'. The evergreen leaves are pink in winter and spring, before changing to yellow-green in the summer time.

## Easy-care plants

## SUPER SEMPERVIVUMS

The trend for low-maintenance succulents means sempervivums (commonly known as houseleeks) are more popular than ever. 'Chick Charms' is a new collection of winter-hardy sempervivums for outdoor pots and alpine gardens. These are three of our favourite varieties from the full selection available.

NEW  
PLANTS

### Golden Nugget

### Cranberry Cocktail

### Appletini

Making British gardens great

## Adding height and structure

Beautiful structures add height and interest to your garden, and act as a support for climbing plants with scented flowers. For instant impact, place an arbour in a peaceful, unused corner or against a wall, or create a focal point with an arch over a garden path or entrance.

**Sorrento Arbour**  
RRP £459.99 **NOW £384.99**

**Parisienne Arbour**  
RRP £249.99 **NOW £184.99**

## Planting and growing

Planters can give your deck or patio a colourful lift at any time of the year. Once in place, use them to grow flowers, herbs or vegetables.

**Ryeford Arch**  
RRP £164.99 **NOW £99.99**

**Ultima Arch**  
RRP £279.99 **NOW £199.99**

**Lyon Arbour**  
RRP £269.99 **NOW £219.99**

**Kendal Square Planter Set**  
RRP £96.99 **NOW £76.99**

**Small planter** (32 x 32 x 23cm)  
RRP £25.99 **NOW £22.99**

ROSE  
OF THE  
YEAR  
2020

All  
about  
roses

Planting a selection of different roses will give you months of colour and scent throughout the summer. Here's how to keep them looking their best

5

NEW &  
EXCLUSIVE

6

6/BEAUTIFUL GARDENS

7

NEW  
VARIETY

8

There's a rose for every part of the garden. Ramblers and climbers can cover walls and fences; single-flowered roses make excellent hedges; repeat-flowering bush roses add drama to summer borders; and dwarf roses can be grown in pots. But they all benefit from some loving care.

### CHOOSE GOOD PARTNERS

Roses work particularly well with summer-flowering herbaceous perennials like lavender, nepeta, alchemilla, salvia and hardy geraniums.

#### 1 For You With Love

*Bush rose.* Repeat-flowering, lightly scented. H: 90cm (3ft)

#### 2 For Your Eyes Only

*Bush rose.* Repeat-flowering, wildlife-friendly. H: 90cm (3ft)

#### 3 Thinking Of You

*Bush rose.* Scented, very compact in size. H: 60cm (2ft)

#### 4 Sweet Honey

*Bush rose.* Scented, suitable for containers. H: 90cm (3ft)

#### 5 Grandma's Rose

*Bush rose.* Repeat-flowering, highly scented. H: 1m (3ft 4ins)

#### 6 Sommergold

*Climbing rose.* Lightly scented, bee-friendly. H: 2.75m (8ft 6ins)

#### 7 Lilac Bouquet

*Climbing rose.* Quick-repeating, scented. H: 2.5m (8ft)

#### 8 Ebb Tide

*Bush rose.* Repeat-flowering, scented. H: 75cm (2ft 6ins)

### FEED AND PROTECT

Feed your roses in spring with a specialist rose care product, like 2-in-1 Westland Rose Feed & Protect, just before the leaves are fully open, and again in early July.

### PRUNE EVERY YEAR

Shrub roses are best pruned in February or March, when the first leaves appear. Reduce the stems by a third to maintain your rose's current size, and reduce by at least half for a smaller, tidier plant. Using clean, sharp secateurs, always prune just above an outward-facing shoot.

### KEEP ROSES HEALTHY

In autumn, collect and destroy fallen leaves, then apply a thick mulch to keep weeds, pests and disease at bay. A mulch will also help to retain nutrients in the soil.

### DEADHEAD REGULARLY

Cut off each flower as it fades to just below its base to encourage more blooms. Don't deadhead roses with colourful winter rosehips, though, or you'll miss out on the hips.

# Perfect pots

Clever containers are not just about bedding plants. With colourful shrubs and flowering perennials, you can create stylish combinations throughout the year

## SUNNY SIDE UP

Buddleia and a variegated euphorbia both play a starring role in these sun-loving combinations, supported by pollen-rich flowers to attract passing insects – including scabious 'Pink Mist', nemesia, petunia, lavender, *Dianthus* 'Pink Kisses' and silver-leaved *Convokulus cneorum*. Two vintage-style ribbed metal planters complete the look.

Metal ribbed cylinder  
pots (44 x 34cm)

*“Display your containers in groups of two or three for extra impact”*

# ORIENTAL STYLE

Japanese maples can be successfully grown in large containers, such as these artisan-style, salt-glazed pots. Pair with fine-leaved grasses, and display in a sheltered spot. **Key plants:** 1 *Acer*; 2 *Hakonechloa macra* ‘Allgold’; 3 *Carex siderosticha* ‘Shiro’ (right)

Salt-glazed earthenware pots (64 x 50cm; 49 x 38cm)

RHS white cylinder pots (45 x 33cm; 37 x 27cm; 22 x 18cm)

# SHADOW PLAY

Combine a shimmering evergreen fatsia with spiky grasses, ferns, heuchera and ivy for year-round interest, and choose these RHS white ceramic pots to lighten and brighten a shady corner.

**Key plants:** 4 *Fatsia* ‘Spider’s Web’; 5 *Carex* ‘Everest’

# EASY TO GROW

*Euonymus* ‘White Spire’ is ideal for year-round container displays

Lightweight black pots: egg (48 x 38cm), cube (45 x 42cm) and round (37 x 32cm)

## FASHIONABLY FORMAL

Modern pots and evergreen shrubs look fabulous in a formal garden. For colourful topiary alternatives, try pittosporum and flowering hebes, while lightweight faux granite pots are easy to move around. **Key plants:** 6 *Hebe* 'Dark Angel'; 7 *Hebe* 'Lady Ann'; 8 *Pittosporum* 'Tom Thumb'; 9 *Phormium* 'Brown Sugar'

*Hebe* 'Lady Ann' produces pretty lilac-pink flowers

## How to

### PLANT AND MAINTAIN YOUR CONTAINERS

Choose your container's location before you fill it.

Start with a layer of crocks to improve drainage, then fill your pot with fresh compost.

To improve moisture retention, use a soil-based

John Innes compost (No 2 or No 3) mixed with an equal amount of multi-purpose compost, and add some slow-release fertiliser.

Tease out the roots before planting, to encourage good root development.

Leave a gap of 4-5cm between the compost and the container rim.

Check the compost regularly, and water if it feels dry.

Always water the compost, not the leaves, so the water reaches the roots.

SPRING  
OFFER

**Clematis montana  
varieties**

£14.99 each or

**2 for £20**

Offer ends  
30 April 2020

Clematis montana  
'Broughton Star'

*"Combining  
different varieties  
of clematis gives  
you flowers from  
early spring to the  
end of summer"*

Clematis are grown for their beautiful, long-lasting blooms. So, by combining different varieties in different places, you can enjoy flowers from early spring right through to late summer.

Dwarf clematis, like free-flowering 'Bijou' and 'Ansley', grow well in patio pots, while vigorous *Clematis montana* varieties are ideal for covering walls and fences, even in light shade. Once established, some *Clematis montana* plants will spread up to 12 metres (39 ft) with a sturdy support. The dainty flowers of alpine clematis introduce

a splash of colour as early as March, while vibrant late-flowering varieties can still be in bloom in September. You can grow clematis in the border, too, using a metal or wooden obelisk – other plants will cover the clematis roots which enjoy a shady position.

Good planting partners for a climbing clematis include shrub roses, honeysuckle, lavender, nepeta and ornamental grasses. You can also train a summer-flowering clematis to grow through a cherry or crab-apple tree, to continue the show long after the spring blossom has faded.

*Three tips*

## FOR TOP RESULTS

To help your clematis look its best: grow over an arch or an obelisk; feed with a specialist clematis food; and prune after flowering to maintain its shape.

# Inspiring plants for a wildlife garden

If you'd like to attract more bees and butterflies this summer, here are some simple gardening tips – plus our insect-friendly plant guide

A busy bee hotel

A log pile for wildlife

Timber  
bee and  
bug house,  
£14.99Hungry  
Hedgehog  
Blend,  
£3.99Timber and slate  
hedgehog house, £29.99

### Five easy tips

## FOR WILDLIFE GARDENING

Use fallen logs and tree branches to create a log pile for insects to shelter in

Install a bug box on a shed wall or a tree – choose a warm, dry place where the rain can't get in

Encourage hedgehogs by leaving a small gap under your fence for access, and by providing shelter and a shallow bowl of special hedgehog pellets

Hang nesting boxes where cats and foxes can't reach them, to attract small birds, like tits and robins

Prune shrubs with hips and berries in early spring so that birds can enjoy the fruit over winter

intact over winter for birds to feed on. Installing bee hotels for solitary bees, hedgehog shelters, and a small log pile will help, and a source of water will be appreciated – from a bird bath to a small pond.

### PLANTING TIPS

You can also help to feed bees, hoverflies and butterflies by planting insect-friendly plants that flower from early spring to autumn. Insects especially love flowers with pollen and nectar that is easy to reach: these include daisy-shaped flowers, (like cosmos and single dahlias), umbellifers (such as verbena and achillea) and tubular or bell-shaped flowers (including salvia and foxglove). Choosing plants that flower at different times of the year, with a variety of flower shapes, will keep the insects returning to your garden.

## YOUR INSECT- FRIENDLY PLANT GUIDE

Combining different flower shapes and varied flowering times produces a good supply of pollen and nectar for insects in spring and summer.

### 1 Lavender 'Vera'

Highly fragrant flowers.

✿ June–Aug

### 2 Hebe 'Celine' Evergreen

shrub. ✿ April–June

### 3 Polemonium

'Bressingham Purple'

Dark-leaved perennial.

✿ May–July

### 4 Erysimum

Sunset varieties

Perennial wallflower.

✿ April–Sept

### 5 Digitalis purpurea

'Dalmation Purple'

and 6 'Dalmation White'

Compact foxgloves.

✿ June–July

### 7 Scabiosa 'Pink Mist'

Long-flowering perennial.

✿ July–Sept

### 8 Daphne odora

'Rebecca' Scented

evergreen shrub.

✿ Jan–March

### 9 Verbena bonariensis

Tall, airy perennial.

✿ June–Sept

### 10 Cirsium rivulare

'Atropurpureum'

Prickle-free thistle.

✿ June–Sept

### 11 Salvia nemorosa

'Caradonna' Dark-

stemmed perennial.

✿ June–Oct

### 12 Lavender 'Essence

Purple' A hardy English

lavender. ✿ June–Aug

In recent years, our gardens have become an increasingly important source of food, water and shelter for insects, birds, hedgehogs, frogs and toads. And the trend for wildlife gardening is having a positive effect: more sparrows, coal tits and goldfinches were spotted in the 2019 RSPB Big Garden Birdwatch, and last summer proved to be a record year for Painted Lady butterflies.

### ECO-GARDENING IDEAS

What we plant, and how we garden, can have a big impact on the safety and survival of Britain's birds and wildlife. Simple ways of eco-friendly gardening include using peat-free compost, nature-friendly slug pellets and organic plant feeds, letting your lawn grow a little longer between cuts, and leaving some flower seed-heads

④

### COOL & SHADY

Keeping a selection of leafy plants in your bedroom can help to boost general feelings of health and wellbeing.

- 5 Boston fern** (*Nephrolepis exaltata*); **6 Double-stemmed orchid** (*Monstera obliqua*); **7 Swiss cheese plant** (*Monstera obliqua*); **8 Kentia palm** (*Howea forsteriana*); **9 Heart leaf** (*Philodendron scandens*); **10 Philodendron 'Xanadu'**

### BRIGHT & SUNNY

The kitchen windowsill (pictured left) is the ideal spot for these easy-care, sun-loving plants.

- 1 Inch plant** (*Tradescantia 'Purple Flame'*); **2 Elephant ear** (*Alocasia zebrina*); **3 Aloe vera**; **4 Chinese money plant** (*Pilea peperomioides*)

### STYLE NOTES

Find an exciting selection of indoor pot covers in store

### WARM & HUMID

Exotic plants love the warm, moist air in your bathroom. Contrast leaf shapes for extra impact.

- 11 Emerald fern** (*Asparagus sprengerii*); **12 Dragon tree** (*Dracaena marginata*); **13 Peace lily** (*Spathiphyllum 'Cupido Compacto'*); **14 Flaming sword** (*Vriesea splendens* Royale Mix); **15 Swiss cheese plant** (*Monstera deliciosa*)

**Boston fern**

**Emerald fern**

**TOP TIP**  
Combine hanging planters with feathery ferns for a modern effect

### Houseplant Q&A

#### How often should I water my houseplants?

It's important to avoid overwatering. Only water if the compost feels dry, and always allow excess water to drain away: houseplants can rot if they sit in water.

#### Will my houseplants need feeding?

All houseplants benefit from a liquid feed during the growing season (from March to September). You can also buy specialist orchid food to encourage more flowers. Don't feed houseplants in winter, though, or when your plant is dormant.

**Houseplant Focus** Balanced nutrition for all houseplants

**Orchid Focus** Formulated to prolong flowering

**Houseplant Myst** Ideal for indoor plants, even cactus

# Fresh, local produce International specialties

Since renovating our Food Hall in 2018, it has become a destination for everything from decadent, luxurious treats to the weekly shop. Home to everything you need to make delicious dinners to classic comfort food and rest assured all of our produce is delivered daily to ensure freshness and quality.

Our extensive Deli Counter stocks sumptuous pies, quiches and picky-bits, carefully selected and quality assured from local suppliers to satisfy your savoury cravings. Our Cheese Counter also provides the best cheeses from both locally here in Kent and the best European options.

If your sweet tooth is particularly demanding, the Food Hall at Ruxley Manor can cover any type of appetite. From fresh, extravagant cheesecakes (the Banoffee is a particular favourite amongst the team here!) to Bon Bon's sweets and premium popcorn, there's something for everyone.

Or if you're in a rush or simply not a fan of spending too much time in the kitchen, be sure to look at our extensive range of COOK ready meals – all hand

prepared and free from additives. They're a refreshing choice for healthy meals on the go.

Coupled with The Butcher of Brogdale, who provide an extensive range of fresh meat and poultry, the Food Hall is your one stop shop for that perfect Easter meal with the family – make sure you don't miss out on a half price leg of lamb (RRP £40.00) with our voucher on Page 51, available from 1st-15th April.

The latest addition to our range is a selection of fine wines, handpicked by Ruxley Manor Director and connoisseur, Andrew Evans! Each wine has been tested and tasted (extensively) to ensure there is an option for any meal, occasion, gift or night in front of the television. Each wine is on display and has an accompanying information card to let you know what it pairs well with, to help guide you to finding your new favourite bottle.

GRACE'S DAY NURSERY & PRE-SCHOOL

# Our new setting

Don't miss your chance to see our brand new Day Nursery & Pre-School opening at Ruxley Manor

We are very excited to announce that Grace's Nursery House, complementing our current nursery on site, opened in January 2020. It is an 85 place day nursery, catering for children aged from 1 to 5 years old and as with our current nurseries, its aim will be to provide outstanding care and opportunities for all of our children.

## LOCATION

The nursery will be located to the rear of the site, with the Ruxley Woods creating a lovely, natural backdrop. We are also sure that it will be a unique setting for a nursery in that its neighbours are our herd of resident reindeer, which live in the neighbouring paddock!

## GARDEN

Outdoor play is incredibly important to us at Grace's and here at Ruxley we are very fortunate to have plenty of space to create lots of exciting adventures for the children and Nursery House will be our biggest garden yet. There is a dedicated garden for both the Under 2s and the Over 2s and there is also a separate Wildlife Garden, incorporating a couple of small, fenced off ponds, to create further learning opportunities for our children. The nursery also benefits from our large, dedicated Forest School that is on site.

If you are interested in a place at Nursery House then please email Becky Freeman at [becky.freeman@gracesdaynursery.co.uk](mailto:becky.freeman@gracesdaynursery.co.uk)

# Cook up a storm

Instead of a traditional Easter roast, fire up the barbecue and eat outdoors with family and friends

Who can resist that mouthwatering barbecue flavour? And it's never too early to start cooking and eating outdoors. Our versatile range of barbecues, from affordable charcoal kettle designs to innovative gas systems, mean endless menu combinations.

## Perfect for steaks

Stand out from the crowd with this gas-powered BBQ in Ocean Blue – our new and exclusive colour. The Weber Genesis II SP-335 is the ultimate barbecue for searing meat and locking in flavour. The GS4 high-performance grilling system produces perfect results, while the addition of a side burner and the Gourmet BBQ System (GBS) cooking grates offer limitless menu possibilities.

**Weber Genesis II SP-335 (Ocean Blue)**

RRP £1,349 **Our price £1,214.99**

## TASTY SPRING RECIPE

Try this recipe, created by Weber chefs, using spring lamb and fresh herbs

### Lamb chops with lemon-mint salsa verde

Prep time: 20 min Cooking time: 8-10 min

**Serves 4**

8 lamb loin chops,  
3cm thick, trimmed  
of excess fat  
Extra-virgin olive oil  
Sea salt  
Freshly ground  
pepper

1 tsp finely grated  
lemon zest  
2 tbsp lemon juice  
1 tbsp roughly  
chopped shallots  
1 tbsp drained  
capers, rinsed  
1 garlic clove,  
roughly chopped  
½ tsp sea salt  
¼ tsp chilli flakes  
4 tbsp extra-virgin  
olive oil

#### For the salsa:

50g fresh mint leaves  
50g fresh flat-leaf  
parsley leaves and  
tender stems

#### In the kitchen:

1. In a food processor or blender, combine the mint, parsley, lemon zest and juice, shallot, capers, garlic, salt and chilli flakes, and pulse to chop roughly. Then, with the motor running, slowly add the oil and process until a chunky salsa forms.
2. Transfer to a small bowl, cover with cling film, and set aside at room temperature.
3. Lightly brush the lamb chops on both sides with oil, and season on both sides with salt and pepper. Allow the chops to stand at room temperature for 15-30 minutes before barbecuing.

#### At the barbecue:

1. Prepare the barbecue for direct cooking over medium heat (180-230°C).
2. Brush the cooking grates clean. Cook the chops over grilling/direct medium heat, with the lid closed, until cooked to your desired finish (for example, 8-10 minutes for medium-rare), turning once. Remove from the barbecue and leave to rest for 3-5 minutes.
3. Serve the chops warm with salsa verde spooned on top.

#### GO VEGGIE

Swap the lamb chops for thick slices of halloumi cheese or vegetable kebabs on skewers. Grill on the barbecue, then serve with the lemon-mint salsa verde.

EXCLUSIVE COLOUR

#### Light and versatile

For an easy-to-use charcoal barbecue, the Weber Master-Touch is hard to beat and our exclusive Ocean Blue option looks smart and modern. Using the handy GBS cooking grate, you can cook everything from chilli to perfectly crispy pizza. A new 'smoke' setting on the bowl vents can control temperature easily, and there's a handy Tuck-Away lid holder.

# Pick of the bunch

If you'd like to grow your own edible plants, tomatoes and chilli peppers are an easy way to start. Here are some of our favourite varieties, and expert tips on growing tomatoes from seed

**G**rowing your own fruit and vegetables lets you experience the amazing flavour of fresh produce, straight from the garden, and it allows you to try new or unusual varieties not sold in the supermarket. The good news is that growing-your-own can be very simple,

and you don't need loads of space.

Take tomatoes: the range of grow-your-own tomato plants is more varied than ever. You can grow dwarf or cherry tomato varieties in hanging baskets, window boxes and patio pots, while traditional 'cordon' varieties grow well in a pot or a grow-bag

in an unheated greenhouse, or in a sunny border.

Tumbling or trailing tomato varieties need no pinching out, whereas 'cordon' varieties are grown with a bamboo support, and need their side shoots pinched out every few days. All tomato plants benefit from daily watering (try using ice cubes in very hot weather), plus feeding when the yellow flowers appear. With plenty of sunshine, some varieties can be ready to eat from mid-July.

Chilli peppers can be grown in medium-sized pots on a sunny windowsill, in a greenhouse, or outdoors on a bright, sheltered patio, and they should be ready to harvest from late July onwards.

Two of our favourite chilli pepper plants for heat and flavour are 'Apache' and 'Jalapeno', while 'Sweet Banana' brings a spicy sweetness to dishes rather than full-on heat.

## How to

### GROW TOMATO PLANTS FROM SEED

#### YOU'LL NEED

*Tomato seeds • Seed & cuttings compost • Compostable pots • Seed tray and lid • Watering can (with fine rose) • Growing bag tray • Growing bag and halo supports • Canes and string • Tomato feed*

**1. Fill compostable seed pots** with compost – these make potting-on easy at a later date, and use no plastic.

**2. Gently push two or three tomato seeds** into each pot, and cover with a thin layer of compost.

**3. Lightly water** the compost.

**4. Cover the seed tray** with a lid to encourage germination, and place in a heated greenhouse or on a sunny windowsill.

**5. When the seeds germinate**, remove the weakest seedlings leaving one to grow into a sturdy baby plant.

**6. When the tomato plants** are about 20cm/8ins tall, plant into a growbag, covering the bottom third of the stem with compost (this makes the plant more stable).

**7. Add a bamboo cane** for support, and tie the plant loosely to the cane with string. If you're using a horizontal-style growbag, with circular holes, a plant 'halo' is a simple way to support the cane and it also makes watering easier.

**8. Water tomato plants daily**, in the morning or in the evening, and apply tomato feed once the flowers appear.

▶ **WATCH THE VIDEO ON OUR WEBSITE**

## TOP FOR TASTE

Tomatoes and chilli peppers are both available as grafted plants and starter plants. These can be planted outside in the garden, or in an unheated greenhouse, when there's no further risk of frost

### NEW VARIETIES

**Tomato 'Crokin'**

Disease-resistant cherry tomato with long trusses of scarlet fruit. *Cordon variety*

**Tomato 'Goldwin'**

Easy-to-grow cherry tomato with lots of large, firm golden fruit. *Cordon variety*

**Tomato 'Riesling'**

Baby plum tomato with very sweet, glossy, grape-sized fruit. *Cordon variety*

### CLASSIC WINNERS

**Tomato 'Gardener's Delight'**

Reliable cherry tomato with a very sweet flavour and large fruit. *Cordon variety*

**Tomato 'Tumbling Tom'**

Ideal for hanging baskets and pots, with lots of tiny red fruits. *Trailing variety*

**Tomato 'Sungold'**

Dainty cherry tomato with super-sweet golden fruit. *Cordon variety*

### TASTY CHILLIES

**Pepper 'Apache'** 🌶️🌶️

Compact plant that produces masses of medium-sized, very hot red chillies

**Pepper 'Jalapeno'** 🌶️🌶️🌶️

Fiery-hot chilli with plump, glossy green fruits that eventually turn red.

**Pepper 'Sweet Banana'** 🌶️

Long yellow, sweetly-spiced chillis that mature over time to orange-red.

## ENJOY THIS

Use homegrown tomatoes, peppers and cucumbers to make this fresh gazpacho

*½ cucumber (peeled & de-seeded)*  
*1 large yellow pepper (de-seeded)*  
*1 large red pepper (de-seeded)*  
*6 ripe tomatoes*  
*2 banana shallots*  
*3 garlic cloves, minced or finely chopped*  
*100g/3½oz stale white bread, soaked in cold water*  
*3 tbsp olive oil*  
*2 tbsp sherry vinegar*  
*3 or 4 cherry tomatoes to garnish*

### Method

1. Set aside a small chunk of cucumber and the cherry tomatoes to garnish, then roughly chop all the vegetables.
2. Using a food processor, blend all vegetables to a rough purée. Add the garlic, soaked bread, olive oil and sherry vinegar. Blend again until smooth, then season.
3. Transfer the soup to a lidded container and chill.
4. Halve the cherry tomatoes and chop the spare cucumber into small cubes. Serve the gazpacho in bowls, garnished with the tomato and cucumber.

# A tree for all gardens

Planting a tree can benefit even the smallest garden, by attracting wildlife, cleaning the air, and adding colour and interest throughout the seasons

Every garden deserves a tree and spring is the perfect time to plant one. Trees can bring you flowers in spring and summer, radiant leaf colour in autumn, plus interesting bark and stems in winter. Trees can be multi-functional, too – screening an unattractive view or helping to filter noise and air pollution if you live near a busy road. They also benefit nature significantly: providing pollen for insects and shelter for birds, and converting air-borne carbon dioxide into oxygen. Finally, if you're concerned about your tree growing too tall, don't worry: many trees are suitable for the smallest of gardens, and most trees can be pruned regularly to keep them compact.

## ASK OUR IN-STORE EXPERTS

for advice on  
the best tree for  
the size of your  
garden

(Top left) *Acer palmatum*; (top right) *Malus 'Jelly King'*; (left) *Prunus 'Beni-yutaka'*

Betula 'Snow Queen'

Apple 'Scrumptious'

Malus toringo 'Aros'

Prunus 'Fragrant Cloud'

## FOR BARK AND FOLIAGE

### **Betula 'Snow Queen'**

A beautiful, slow-growing birch tree with striking white bark and orange-yellow leaves in autumn. *Grows to: 12-15m (H)*

### **Acer palmatum**

Japanese acers have elegant dissected leaves, in a variety of shades, that often change colour dramatically in autumn.

*Grows to: 3-4m (H)*

## FOR FRUITS & BERRIES

### **Apple 'Scrumptious'**

Deep-pink spring blossom and sweet pink-fleshed fruit make this self-fertile apple tree suitable for any garden. *Grows to: 3-4m (H)*

### **Malus 'Jelly King'**

The best variety for making crab apple jelly, this tree also has beautiful pure white blossom that garden insects love.

*Grows to: 3-4m (H)*

### **TOP TIP**

Use **crab apples** from the garden to make a sweet, tangy jelly

## FOR SPRING BLOSSOM

### **Malus toringo 'Aros'**

A colourful, dwarf crab apple that's perfect for small gardens, with purple leaves and deep pink spring blossom. *Grows to: 3m (H)*

### **Prunus 'Beni-yutaka'**

Delicate pink blossom and scarlet leaves in autumn make this Japanese flowering cherry tree an all-year-round winner.

*Grows to: 8-12m (H)*

### **Prunus 'Fragrant Cloud'**

A spectacular flowering cherry tree, with huge clusters of white frothy flowers in May and fiery orange leaves in autumn.

*Grows to: 8-12m (H)*

## How to

## PLANT A TREE

**1. Before you start** digging a hole, soak your tree in a plastic trug or bucket of water.

**2. Decide on the right spot**, and dig a generous hole – it should be the same depth as the rootball.

**3. Enrich the soil** with a few scoops of Gro-Sure Farmyard Manure.

**4. Using a cane**, check that the rootball is level with the soil surface.

**5. Remove the tree from the pot** and place it in the hole, keeping the tree trunk upright.

**6. Sprinkle a little** Rootgrow Mycorrhizal Fungi around the roots for good root development.

**7. Re-fill the hole** with soil, and firm the surface with your foot.

**8. Water well** and add a mulch to prevent weeds and help retain moisture.

The Gladiolus Espresso, otherwise known as the Sword-Lily is an incredibly striking, dark crimson flowering Gladioli with striking white tipped stamens.

Grown from bulbs, the Gladiolus Espresso is available from our Outdoor Plants Department throughout the spring and will make a dramatic addition to your garden.

£3.99 per pack of 10 size 12/14 bulbs.
